

Practice Overview
 Managed Payroll

Managed Payroll

Wise Consulting's Managed Payroll Services provide companies the ability to bring expert assistance into the payroll department to control this most critical and visible function.

These services allow companies to be lean and concentrate on their business strengths, while at the same time feel confident their payroll process is running smoothly, effectively, and accurately.

Experience

Wise Consulting has provided support for Payroll and Human Resources since our founding in 1996. The Wise advantage comes from our extensive, hands-on experience and certifications.

Our consultants, all former practitioners, hold certifications such as:

- CPP
- FPC
- SPHR
- PHR

Our payroll expertise, technical understanding, and broad project and industry experience with leading service providers and systems make Wise Consulting an ideal choice to fulfill your payroll processing or special project needs.

Services

Whether onsite or through remote access, Wise Consulting's Managed Payroll team can support any or all of the end-to-end payroll process, through:

- Full ownership of your payroll function, including compliance.
- Supplemental staffing to fill long- or short-term gaps
- "SWAT" team assistance for special projects, such as an acquisition or system conversion
- Contingency planning to support your payroll function, including thorough documentation

Throughout the year or at critical quarter- and year-end times, Wise Consulting will help you save money and improve your payroll efficiency by managing:

- ✓ Pre-payroll maintenance
- ✓ Payroll processing
- ✓ Post-payroll auditing and reporting
