

Service Offering Outsourcing

Outsourcing

Outsourcing selected tasks and responsibility to an experienced and trusted partner allows organizations to focus on their core business and run lean and cost-effective departments.

Reliability, integrity, efficiency and communication are all key when selecting an outsourcing partner, particularly for supporting HR/Payroll management, administration and technology.

Wise Consulting's experience and genuine care for your organization and your employees means we become a valued extension of your team.

Experience

As a leader in personalized outsourcing services, providing onsite or remote support, Wise Consulting's partnerships extend back to 1996.

Wise Consulting's advantage comes from our in-depth HR/Payroll functional expertise and certifications, technical understanding, and broad system and industry experience.

Identifying the best practices for your organization, Wise Consulting will help you maximize the return on your technology investment, and improve operational effectiveness and overall employee satisfaction.

Services

Wise Consulting is proud of the long-term relationships and flexible solutions we provide to ensure our clients' needs are met every time. Our Outsourcing Services include:

- Full ownership of your payroll function, including compliance
- Supplemental staffing to fill long- or short-term gaps
- "SWAT" team assistance for special projects, such as an acquisition or system conversion
- Contingency planning to support your payroll function, including thorough documentation
- End user application support for your HRMS or Time & Labor Management application
- IT/DBA resources for ongoing support or application upgrades
