Ultimate Software Practice

Fully implementing and receiving value from your investment in UltiPro is critical. Wise Consulting's proven methodologies are tailored to each client's unique culture and goals.

Whether your organization is new to the UltiPro platform or it has been in place for years, partnering with Wise Consulting will help expedite your success. By first understanding your business vision and needs, we bridge the gap to UltiPro's outstanding capabilities.

Experience

Wise Consulting Associates has provided support for Ultimate Software's product suite since 1998.

As both consultants and practitioners, Wise Consulting has the most UltiPro experience in the industry. Our dedicated team has assisted many organizations beyond initial 'go live' to take advantage of enhanced UltiPro system functionality or to evaluate system utilization in light of organizational changes.

Our commitment is in the defined, proven methodologies that have allowed Wise Consulting to enable effective decision making and bring system knowledge and comfort to every client, every time.
